**Field trip to Aranjuez**

Given the importance of Aranjuez as a World Heritage Cultural Landscape, we felt a visit World be the best way to appreciate the theme of our conference. We will leave Alcalá in buses early Saturday morning. Upon arrival there will be a presentation explaining the Cultural landscapes of Aranjuez. We will then combine a walking/bus tour of some of the areas, ending up with lunch, overlooking the Tagus river as it flows through the city. After lunch we will return to Alcalá for more conference sessions. The Aranjuez Town Hall and the Foundation for Aranjuez Cultural Landscape are sponsoring most of the outing.
